

Liz's iPad List What is on my iPad?

CamScanner- snap pictures to turn your documents into PDFs, access online and editing capabilities

Socrative Teacher: Create and launch student assessment while mobile around the room. Even works on the fly!

Qrafter QR Code Creator: Create and scan QR codes to share information and make amazing lessons.

Aurasma: Augmented Reality for the classroom. Make objects come alive with video and informational pictures.

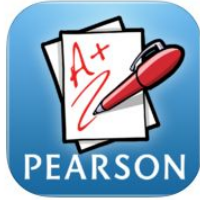

These projection apps show your iPad documents and sites on the projector.

Penultimate: Take handwritten notes and sync across devices to get your notes anywhere. Works with Evernote

Evernote: Organize and sync your notes across all your devices.

PowerTeacher: Grade and Assess as you move around the room. Take your attendance with you to a drill outside!

Class Dojo: Keep Class behavior charts/ records. Great for participation records. Options to share with students and parents.

Make My Groups: Keep as many lists as you like, the app makes the groups!

ClassMonster Lite: Tracks noise levels and displays on screen

iLeap Pick a Student: Randomizing name calling to spread out the answers.

Randomly: Random student caller and group maker
